BACKGROUND INVESTIGATIONS & BUSINESS DUE DILIGENCE

RISC® is a global due diligence and investigative consulting firm specializing in enhanced Reputational Due Diligence and Background Investigations, Asset Searches and Recovery Solutions, and Dispute Resolution and Litigation Support services. With the growing need for mitigating risk through enhanced due diligence processes, whether in friendly or adverse environments, our discerning clients have access to Research Information Specialists and Consultants, who tailor their investigative strategies to meet our clients' objectives. Our experienced professionals conduct due diligence background investigations worldwide.

In today's increasingly competitive business climate, mitigating risk and performing due diligence background investigations are essential to all businesses. Working with licensed Research Information Specialists and Consultants who provide exceptional due diligence background investigations on people and their companies is a vital part of conducting business responsibly and avoiding potential legal, financial and reputational damages.

RISC® specializes in enhanced Reputational Due Diligence with a focus on sophisticated Background Investigations of hedge fund managers, investment advisors and acquiree management teams for private equity and fund-of-fund teams. RISC® also specializes in asset searches for the recovery of judgments, as well as gathers core evidence for litigation. By being positioned in Arizona RISC® is well-equipped to service the global marketplace with cost-effective investigative solutions.
